- Firebase
- MySQL
- PostgreSQL
- Axios
- Github
- Postman
- Figma
- Canva
- Google Apps
- Microsoft Apps
- Appsheets
- Trello

ENTIRE EXPERIENCE AS A BSIT STUDENT IN USTP - CDO

AY 2024 – 2025 (3rd Year, Current)

- Leads a five-membered team as the system analyst of our capstone project.
- Leads a four-membered team in developing a working web application prototype called Affitnity, which is a fitness app that aims to combat sedentary behavior among young people.
- Serves as a Public Relations Officer in ISDA Camaman-an Association, one of the publication officers of Cluster D ISDA, and Public Communications Officer in Andam Higala – USTP, honing my skills in graphic design and social media marketing.
- Led a four-membered team as a project lead in developing a mobile app called MOONGLE Buddy, a proposed collaborative study app that revolutionizes learning through accessible resources and AI. Also helped in developing the app. Claimed fifth spot during the class pitch presentation of the said project in our Software Engineering course.
- Learned no-code development as a past time. Created a simple task tracker application using Appsheets.

AY 2023 – 2024 (2nd Year)

- Directed a short movie project in our Rizal course featuring the life and works of Rizal. Also served as one of the screenwriters and a supporting character of the said project
- Led a six-membered team in developing the frontend of an e-commerce web application called Interture, an imaginary company that sells furniture and other home interior products.
- Led a four-membered team and served as a developer in developing a Java windows application called JAVA UDBMS, which is a simple CRUD application that handles both students and faculty data.
- Designed the UI interfaces of web apps such as Fred's Fast Food and UniDeals using Figma.

AY 2022 – 2023 (1st Year)

- Led our class section composed of women in the entire semester of our NSTP – CWTS course.
- Led a five-membered team in developing a Python windows application called TUKinter, which is a simple Python tkinter tutorial application developed using tkinter itself.
- Made my first website portfolio.
- Started learning programming. The first language that I've learned is C++. Also started learning web development with HTML, CSS, and Bootstrap.
